Bench with or without backrest and with or without armrests consisting of 2 tubular steel 50x40x2 mm supports and seat with 4 mm thick folded steel sheet frame and 60x32 mm hardwood or thermo-treated pine slats. The backrest and armrests are made of 4 mm thick folded steel.
All metal parts are galvanised and coated with thermosetting polyester powder.
The hardwood is treated with water-based pigmented impregnation, while thermo-treated pine is supplied not impregnated (impregnation available as an option).
All fixings are in AISI304 stainless steel.
Prepared for ground fixing through M10 threaded bars to cement (included).
