Bench with or without backrest, made of curved and welded steel tube 30x30x1.5 mm, with or without armrest. The seat and backrest are composed of a 30x30x1.5 mm steel tube frame and hardwood or thermo-treated pine slats 40x30 mm for the seat and 40x25 mm for the backrest, with a 4 mm thick metal sheet reinforcement rib.
All metal parts are galvanised and coated with thermosetting polyester powder.
The hardwood is treated with water-based pigmented impregnation, while thermo-treated pine is supplied not impregnated (impregnation available as an option).
All fixings are in AISI304 stainless steel.
Prepared for ground fixing through M10 threaded bars to cement (included).
