ENG

# CUBIK W - TW

Modular single seat made from a 3 mm thick folded steel sheet base mechanically fixed to a seating surface, through 3 mm thick steel sheet brackets, to a seating surface composed of nine 40x20 mm hardwood or thermo-treated pine slats.
Each base is prepared for lateral attachment with the other elements of the CUBIK collection.
All metal parts are galvanised and coated with thermosetting polyester powder.
The hardwood is treated with water-based pigmented impregnation, while thermo-treated pine is supplied not impregnated (impregnation available as an option).
All fixings are in AISI304 stainless steel.
Prepared with a Ø 12 mm hole for ground fixing with a mechanical dowel (not included) for outdoor installation or for free standing for indoor installation.
